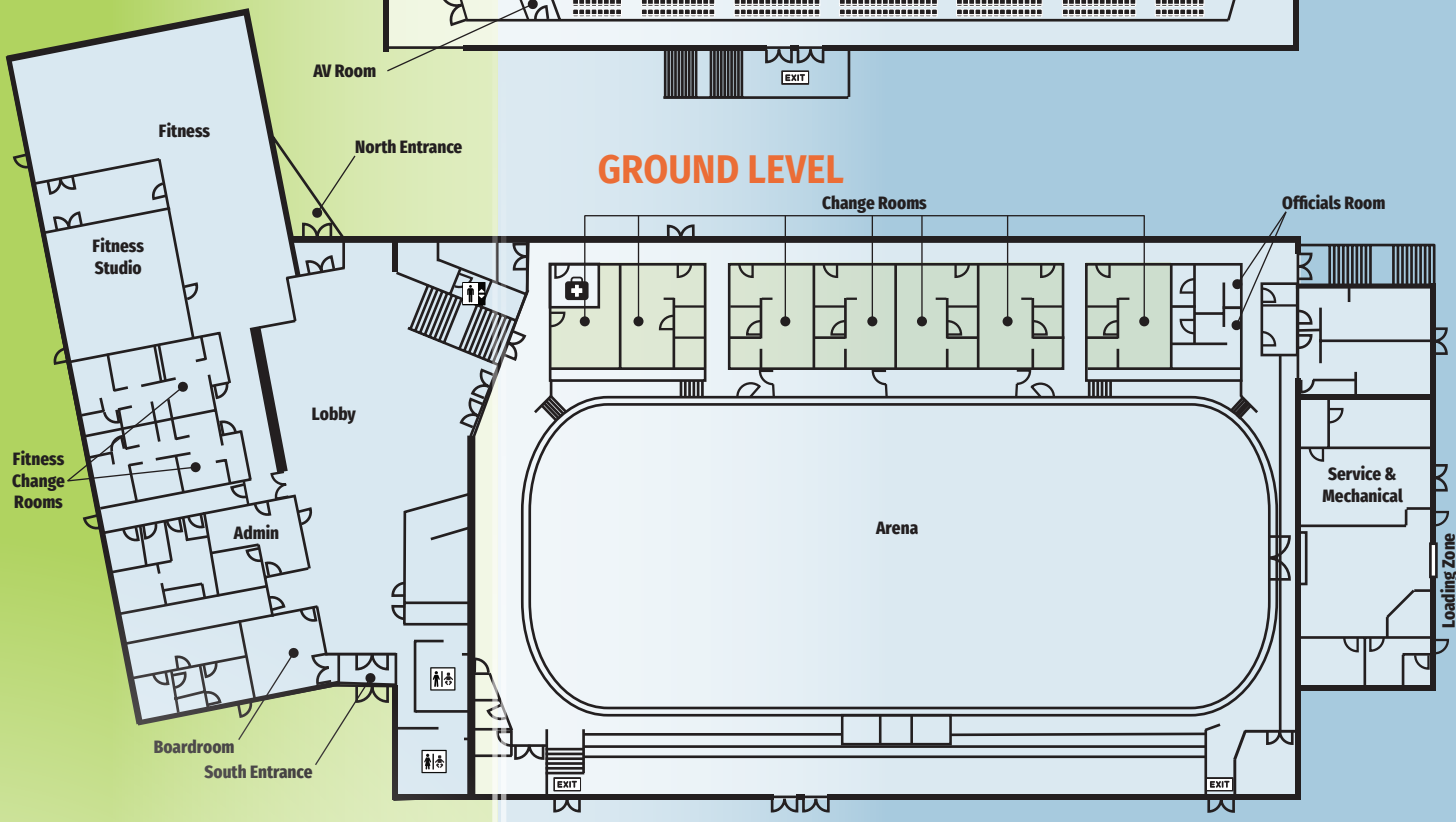
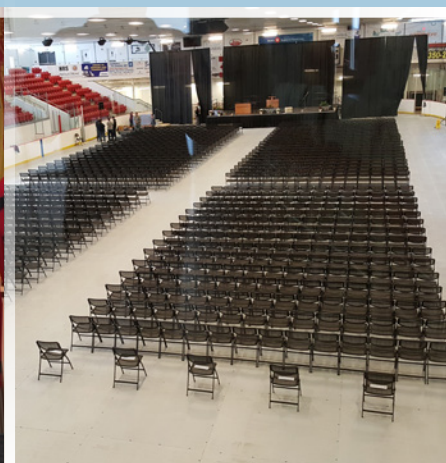
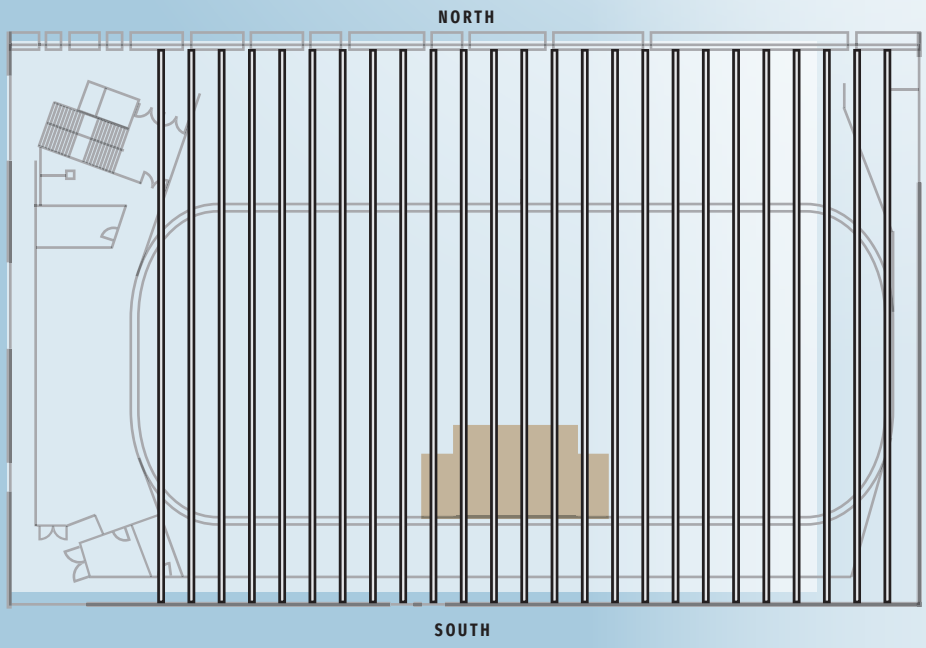
GROUND LEVEL





RIGGING LOCATIONS ABOVE ARENA

Pictured is the general rigging position used during an event with the stage configured South side centre. For detailed placement of the steel girders, including load and placement of permanent light banks, please request our engineering schematic (contact on page 2).



- Arena surface to Low Truss ..... 24'
- Arena surface to Roof South..... 33'
- Arena surface to Roof centre..... 35'
- Arena surface to Roof North..... 37'
- Concourse surface to Truss ..... 9'

CIRCUIT LOCKS, PANELS, TIE-IN LOCATIONS

On the same level as the arena surface are 4 circuit lock locations. Spec:120/208V 3PH 4W 100A. They are located at

1. the entrance to the arena,
2. the player bench area,
3. the penalty box area, and
4. a tie-in at the maintenance room by loading bay.

There are four portable, 16 circuit event panels available – two with 50' cords, two with 100' cords. These can be tied into the circuit locks. A municipal electrician will be onsite to meet your needs.

Facility Details

AIR QUALITY & SYSTEMS

Queens Place Emera Centre operates on a state-of-the-art HVAC system featuring glycol and ammonia based heating and cooling. The arena temperatures are adjusted on an event usage basis.

Munters

ACOUSTICS

Event producers and renters rave about the acoustical quality of the facility. “Acoustics in the arena are great! Not many facilities have put a lot of thought in the acoustics, here they are great! We knew within five minutes we were not going to have any issues”. Drew Zibin, manager & sound engineer, *The Washboard Union*. 2018

ACCESSIBILITY

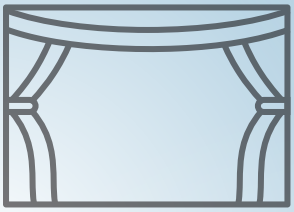
There are 2 entrances into the main lobby area. Access to the arena is via a set of lower level arena doors. The upper concourse can be reached by means of the staircase or patron elevator. Accessible seating in the arena is based on event requirements. There are 8 parking spaces designated as accessible.

ICE COVER & BARRICADE

The ice surface can be covered with an insulated panel lock floor when required to accommodate events such as conventions, trade shows, concerts and more. There is a supply of twenty-five 7’ long galvanized steel crowd barrier available.

PIPE & DRAPE

In total there are 1,280’ of drape in inventory. This includes 800’ of adjustable 20’ height and 480’ of 8’ height.



STAGE & CHAIRS

The stage consists of 4’x8’ panels with height adjustment 2’- 4’, it can be configured to 1,216 sq.ft. Steps and rails are part of the stage package. Two small portable stages are available each 6’x8’ and 2’ high. 1,200 mesh chairs 17” sq. in inventory. Stage size determines seating capacity on the arena surface.

PATRON ELEVATOR

The elevator located on the lower concourse is accessible, available for patrons and transport of reasonable size items to the upper concourse community room space. 15 person capacity, 2,500 lb. 88’h x 81’l x 51’w

ARENA EXHIBIT SPACE

The arena surface consists of 17,000 sq. ft., 200’l x 85’w. This would allow for up to 70 booths 10’x10’. The surrounding upper concourse track North side is 11’ wide allowing for 10 show booths/tables 8’l x 4’w. Covering of the performance lane surface may be requested. South side track at 7’w cannot be used as display space.

ROOMS & SPACES

The boardroom in the facility lobby can accommodate up to 30 individuals. There is a kitchenette, 12’long board room table, 15 executive chairs, monitor available, teleconferencing capability, hardwired internet & Wi-Fi.

The community room space overlooking the arena can accommodate 142 people and can be divided into 2 rooms – 60 per side. There is a bar and kitchen. Arena sound can be accessed. There is Wi-Fi , 4 Digital TVs , and washrooms.

Facility Details

WI-FI & BROADCAST

Bell Fibe Wi-Fi. There is up to 1GB available to patrons and for event use. TSN , World Curling TV have broadcast and streamed from the facility. There are a number of spaces for broadcast positions. Production facilities may be configured indoors or run externally.

Bell

LIFTS & LIGHTING

Available: 1 forklift, 1 scissor lift and 1 boom lift. These are be operated by the ticketed licensed personnel of the facility unless otherwise agreed. The most recent candle rating for arena lighting is 65 candles. Mid 2017. Events requiring 100 candles have added additional banks of lighting.

EMERGENCY SERVICES

Emergency Health Services (ambulance) is located 700M from Queens Place Emera Centre.
RCMP, Fire Department and Queens General Hospital are located in a 2.3KM radius in Liverpool direct.
There is a First Aid Room, Defibrillator and Epi-Pen station onsite in the arena. A wheelchair is available.

BOX OFFICE

The ticketing agent of choice at Queens Place Emera Centre is Ticketpro. Major events must use this service. There is one on-site ticket outlet. Scanners may be made available for ticket confirmation. There is 1 ticket kiosk available.
