

A custom-tailored venue

Geographically, Queens Place Emera Centre is unique. We are approximately 1.5 hours from Metro Halifax, the Annapolis Valley and Yarmouth – Nova Scotia's southern entry point from the USA. Our location draws spectators and participants from the entire southern half of the province, and beyond.

The arena can easily be set as a 2,000+ seat venue, designed specifically for your use. We can configure the stage to meet your needs. If you require a center stage for a sporting event, or a side stage for concerts or performances, our variety of set-up options ensures we have one that will work for you.

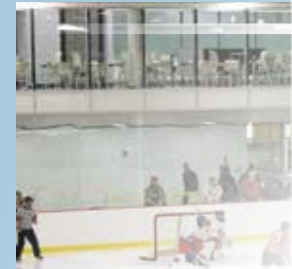

For promoters or event organizers looking for a venue Queens Place Emera Centre has a proven record of performance. We have played host to acts such as Travis Tritt, the Nova Scotia Music Week Gala Awards Show, the Hank Snow Country Tribute and Canada Day Celebrations.

If your business requires space for an industry show, large fitness event, or expo the stage can be omitted. For multi-day event attendees, the surrounding area has over 575 accommodation beds, within minutes of the facility.

Any VIP guests can take advantage of the spacious Jim & Margaret Sapp Community Hall overlooking the arena, complete with a bar facility and prep kitchen. Catering services are also available upon request.

Queens Place Emera Centre is a fully licensed facility. We offer free Wi-Fi, as well as amenities such as an elevator and baby change stations. The facility is accessible to persons of any mobility. A canteen and vending machines are located in the spacious lobby.

Businesses and groups can also increase exposure by taking advantage of the many advertising opportunities available throughout the facility.

Queens Place Emera Centre takes pride in offering events for people of all ages.
