

More space for you at

Queens Place Emera Centre focuses on the recreational, cultural and social needs of the Region of Queens Municipality. To support residents, we offer rental spaces for businesses, groups and individuals.

The Community Hall

Overlooking the arena is the Jim & Margaret Sapp Community Hall, complete with prep kitchen and bar. The tables and chairs can be arranged in multiple formats, and the room can also be divided for smaller functions. It's a perfect spot for meetings, presentations, small events, or personal receptions and parties.

The room has four wall-mounted TVs, digitally streamed music, and Wi-Fi access. The nearby elevator allows easy access for those with limited mobility.

The Meeting Room, sponsored by The Sobey Foundation, contains all the necessities for meetings, conference calls, or seminars. It boasts the requirements for conducting business: conference table seating for 12+ people, teleconferencing capability, TV monitor screen with HDMI, whiteboard, telephone and Wi-Fi.

Meeting Room

The room is located in the lobby, directly across from the concession area and washrooms. Coffee, beverage services and catering are available.

And even more

Entering Queens Place Emera Centre you arrive in the spacious lobby with fireplace and soft furnishings. This area is the natural gathering space within the facility, ideal to relax on your way in or out, read, surf the Web or to meet friends.

The Customer Service desk is open 9am-9pm weekdays and 9am-5pm weekends (extended during special events). Staff are there to assist you with personalized service. Receive facility and ticket information, arrange a room rental or purchase a fitness membership.

The concession area has a canteen and vending machines with adjacent seating. Catering services can also be arranged upon request.

Parent and tot, adult, and public skating in the arena are available weekly.

The facility has accessible parking spaces, an elevator, designated wheelchair accessible seating, and washrooms on all levels. Free Wi-Fi is available throughout the facility.

Businesses and groups can also increase exposure by taking advantage of the many advertising opportunities throughout the facility.
